**Dear Katherine,**

Bear Valley Mountain Resort is scheduled to open this weekend! Pack the kids and the skis and head on up! Learn more [here](#).

We have not yet heard the date for the closure of the village roads...but we're pretty sure it will be happening soon!

We also want to make sure you're aware of an exploration going on around the idea of community ownership of Bear Valley Mountain Resort. See below for more information.

### BEAR VALLEY OWNERSHIP IDEA

#### Community Ownership Model

As you may know, several Bear Valley community members have formed a committee to explore the possibilities of having some form of community ownership of the ski resort. They have shared some initial information with the community on our local Nextdoor social media site, but they quickly realized it would be more welcoming to a broader set of people to create a Google Group for providing regular updates. If you are interested in joining this group, all you have to do is click [here](#).

There will be a one-hour community meeting at 5pm on December 29th at Sky High Pizza to share information and gather community input. This meeting is for all who are interested in learning more about what the exploratory committee has learned in the last month. They want to be open in explaining the alternatives and capture feedback.

BVRI is an interested observer of this exploratory process, but is not a direct participant.
