Greetings!,

BV POST OFFICE CONTRACT

Postmistress Linda Baker is seeking candidates to bid for the contract to operate the Bear Valley Post Office. It's about a half-time job. Anyone interested should email her at linda.s.baker@usps.gov.

GENERAL STORE SURVEY

Skyline has taken over the General Store space. They're interested in what you'd like to see when they get the store back up and running. Please complete the survey. It can be found on NextDoor. Skyline hopes to have the store operating by July 1.

SUBDIVISION ROADS

The process of reopening the roads in the Bear Valley subdivision started Thursday, June 1. The roads should be open for the weekend of the 10th if not sooner. The Sheriff prefers that you not drive in while the plowing is still ongoing. If you do drive in, don't leave your car where it will block the plows.

EBBETTS PASS

CalTrans is still plowing their way up to the top of Ebbetts

Pass. After they remove the snow, they will have repair work to do and tree clearing. Best guess is that the Pass will get open by July 4th weekend, but no guarantee.

The snow is melting fast! Time to think about hiking and swimming and enjoying the benefits of your BVRI membership! Please continue to check our BVRI website as well as the Nextdoor site for issues concerning our community. Plan to attend our annual BVRI meeting during Labor Day week-end as well.

Sincerely,

The BVRI Board
