

## SNOWMOBILE RIDING RULES IN BEAR VALLEY VILLAGE:

- Always obey the 20mph speed limit - 15mph near the Village Center. (Alpine County Law)
- DO NOT ride in large groups. Break up into smaller groups and ride single file.
- Snowmobiles are powerful machines, DO NOT let children or young teens ride them alone.
- Minimize recreational riding in Bear Valley Village. Recreational riding is appropriate in the forests outside of the subdivision. Use approved trails to access USFS lands.
- DO NOT ride on private property or common areas without permission. (Alpine County Law)
- Be aware of and be courteous (slow down and give room) to pedestrians, skiers and snowboarders.
- Keep snowmobiles tuned up and do not let them idle too long. Use synthetic oil to reduce carbon emissions.
- Snowmobiles operated in Bear Valley Village should have mufflers. The maximum sound limit is 86db. Loud after market pipes are strongly discouraged and could result in fines. (Alpine County Law)
- No riding snowmobiles after 10:00pm or before 6:00am, except for travel to residence or business. (Alpine County Law)
- Snowmobiling and alcohol DO NOT mix. DO NOT drink and drive. You can be subject to a DUI. (Alpine County Law)

## SNOWMOBILE PARKING RULES IN BEAR VALLEY VILLAGE:

These rules are to allow better road grooming during the winter season, as well as clearer traffic routes throughout Bear Valley Village and easier access for emergency vehicles when necessary. Snowmobiling parking regulation will be aggressively enforced. Please educate yourself and guests to follow these guidelines:

- DO NOT park your snowmobile on any groomed roadway (excluding Thursdays on Bear Valley Road.) Park off the groomed portion to ensure groomers and emergency equipment can get thru. Snowmobiles parked on the groomed roadway will be cited and towed.
- Snowmobiles parked in the NO PARKING areas will be cited and towed. Be sure to observe all posted NO PARKING signs. No parking in the groomed roadway connecting Quaking Aspen and "C" Lot.
- When parking close to the Transportation Center, heed signage in the three parking areas.
- Look for the clearly marked "Vehicle Loading Zones" when loading/unloading. Do not load/unload in Fire Lanes.
- Please follow the snowmobile "move day" to facilitate the grooming of the parking areas. Snowmobiles may be parked on one side of Bear Valley Road on Thursdays. Please see map for location. Signs will be posted when in effect.
- Long term parking of snowmobiles is seriously discouraged as grooming equipment may run over buried machines and could cause damage.
